NARRATIVES (4)

Supplemental #1 Mankowski
12/14/24

Mankowski WC15682

12/14/2024 19:33:00

On 12/14/2024, I, CSO Mankowski was dispatched to assist Bayport, Oak Park Heights, and Stillwater Police Departments, as well as Washington Co. with tow operations and assisted in the transfer of custody of a dog at BEACH RD and LOOKOUT TRAIL in Oak Park Heights, MN.

On scene, I took custody of the suspects dog and placed it in the back of my squad car. The dog is described as a retriever or lab style breed, yellow/gray, and was older.

I contacted DAWN DANNEKER at Companion Animal Control and requested that she comes and pick up the dog. We met at the Wash. Co. LEC and I transferred custody of the dog over to DANNEKER.

I advised the arresting officer to notify the suspect that they could pick up their dog by contacting Companion Animal Control.

No further actions.

Mankowski #15682

Initial Report

Roeser WC15660

12/14/2024 21:18:00

On 12/14/2024 at approximately 1755 hours, I Deputy Joseph Roeser (#15660), was dispatched to a motor vehicle hit and run in the area of Saint Croix Trl N and 22nd St N in West Lakeland Township, MN 55082. The call comments stated that the call was transferred to the MN State Patrol. The reporting party, Theodore Christopher Kunze (DOB: 12/22/2004) ((612) 859-7323) stated that the vehicle license plate was WI ASL8750 and was a "dark colored Honda minivan". When I ran the Wisconsin plates, it came back to a 2016 Honda Pilot and the registered owner was, Shannon Marie Swanson (DOB: 06/14/1989).

While in route at approximately 1800 hours, Stillwater Police stated that they had the vehicle stopped on Beach Rd and Lookout Trl in Oak Park Heights, MN. To note, an additional caller, Tamara Jean Linaman (DOB: 09/10/1964) ((651) 329-3464) had called in the same vehicle stating that it was "driving recklessly". Furthermore, Tamara stated in the call with 911, that police had just pulled over the vehicle.

I had arrived on scene at Beach Rd and Lookout Trl at approximately 1818 hours. I kept my headlights on and only had my rear-emergency lights activated on my marked squad car #2113. To note, Bayport, Stillwater, and Oak Park Heights Police were on scene at this time. I parked my squad car behind the suspected vehicle. I observed that the vehicle was a newer-style dark colored Honda Pilot with WI plates ASL8750, the vehicle that matched the plates given by Theodore and Tamara. I spoke with Officer Comiskey when I stepped out of my vehicle and asked him to fill me in. Comiskey stated that Officer Gunderson had stopped the vehicle for having no taillights on, following vehicles too closely, and the possibility of being the suspected hit and run vehicle. Comiskey stated the female driver was "10-56", meaning intoxicated. Comiskey stated since the incident happened in West Lakeland, I could handle the issue from here.

INCIDENT REPORT NIBRS

WASHINGTON COUNTY SHERIFFS OFFICE

15015 62nd St N
Stillwater, MN 55082
651-430-7600

CASE# WC24067510 cont'd

I approached the female driver and asked for her name. The female stated, Shannon. I introduced myself as Deputy Roeser with the Sheriff's Office and asked what had happened today. Shannon asked, "tonight?". I replied, "today, yes". Shannon stated, "A little bit, it's been a little out of 'conserred', but yeah". I noticed immediately that Shannon had the odor of consumed alcoholic beverage, was slurring her words, had watery eyes, and was swaying while I was speaking with her. I was unable to make out a few of the words Shannon was saying in her previous sentence. I asked again what had happened since Shannon did not fully answer my question and stated, "you tell me first". I told Shannon that I was "super late to the party". Shannon stated, "clearly you are" in a rude tone. I was handed Shannon's WI driver license by an assisting officer.

Shannon stated that it is extremely cold out and that her dog is in the car. I told Shannon that she is slurring her words a bit. I then asked if she had anything to drink today. Shannon looked away from me, stuttered her words, and asked what the temperature is. I told Shannon that she did not answer my question. Shannon asked again what the temperature was. I looked at my watch and stated, 30 degrees. I asked Shannon again if she had anything to drink today because she is slurring her words and is swaying while talking to me. Shannon smiled, did not say anything, and turned away from officers.

Shannon then stated that she wanted to talk to her lawyer. I then asked Shannon if she would be willing to go through a series of tests to make sure she is okay to drive. Before I finished my sentence, Shannon cut me off and said, "No, Anthony..." she paused while looking away and then asked, "what? what did he say?" to other officer's talking. I stated, "I'm going to ask this again..." before I finished my sentence, Shannon stated Anthony "Larpo" was her attorney, and we could contact him. During this time, Shannon was continuously swaying, could not stand still, and avoiding eye contact with me. I said to Shannon, I'm asking you if you are willing to do a few tests so that I know that you are good to drive. Shannon stated, "It does not matter anyways, you are not going to let me drive". I told Shannon that I want to make sure she is okay to drive. Shannon stated that "You are not going to let me drive, I'm not stupid". I asked Shannon again, "So are you not going to do these tests for me?". Shannon stated, "You are setting me up for failure, no". I started to talk again, and Shannon cut me off stating "No, you are setting me up for failure, no I will not". I said to Shannon, "I'm going to ask this one more time. Will you be willing to do some tests to make sure that I know you are okay to drive". Shannon asked me, "Am I shivering?". I asked Shannon if she was going to answer my question. Shannon replied, "are you going to answer mine?". I said out loud again to Shannon that I see her swaying and slurring her words. I asked again to Shannon if she was going to do the tests for me. Shannon continued to look away and did not reply.

At this time, I and Officer Comiskey told Shannon to put her hands behind her back and that she was under arrest. I placed Shannon in handcuffs (double locked/checked for fit) and walked her to the front of my squad car. Officer Lepowsky assisted me by searching Shannon. To note, Shannon started crying. Officer Comiskey had told me that there was an open container of "Simply Spiked" in the cupholder of her vehicle. I placed Shannon in the rear-passenger side of my squad car and buckled her in. I muted my microphone of my BWC to speak with assisting officers.

During this time, Officer Lepowsky and other assisting officers stated they observed damage to the passenger-side of Shannon's vehicle. I observed damage to the passenger-side of Shannon's vehicle which appeared to be dented above the front-right tire. Additionally, I saw scrapes on the vehicle below the front right headlight and all along the passenger side of the vehicle. Also, Officers notice the hood of the car was "popped open" and did not look fully secured. I took photos of the damaged vehicle which were uploaded and annotated to Visual Labs. I then looked into the vehicle where I observed a simply spiked alcoholic beverage. To note when I approached the driver-side of the vehicle, I could immediately smell an odor of consumed alcoholic beverage coming from the vehicle. I took a photo of the Simply Spiked can. I saw damage to the rear bumper near the trunk. I took a photo of the damage just in case the damage was related to the hit and run.

I turned on my rear-squad camera that recorded the back seat. I spoke with assisting officers who stated they would be writing supplements of their observations. Please see assisting officer's supplements for more information prior to my arrival. Associated cases will be linked to my call in RMS. To note, Officer Lepowsky spoke to Shannon about who could come and take care of her dog. See

INCIDENT REPORT NIBRS

CASE# WC24067510 cont'd

Officer Lepowsky's supplement for more information. Additionally, Officer Lepowsky handed me Shannon's purse. I spoke with officer's regarding Shannon's vehicle and the dog in her car. I stated that I would order a tow, fill out the tow slip, and call a community service officer (CSO) to take care of the dog. Oak Park Heights police officer Rodriguez stated they had a kennel that the dog could stay in as well. Additionally, I spoke with assisting officers regarding e-charging and the booking process once Shannon gets to jail. I called Sgt Martin on my personal cell phone to update him on the call situation. I told him the plan of towing the vehicle, the plan for the dog, and told him that I would contact him if I had any other questions. He stated he understood and to call him if I had any other questions.

I called dispatch to send a tow and completed impound tow sheet. I contacted dispatch on my squad radio to send a CSO to sit on the tow and take care of the dog. CSO Mankowski was in route to assist. During this time, Shannon was yelling at officers to shut her car off since it was still running. Shannon asked for a water bottle from the trunk of her vehicle. I told her that the jail would provide her water once she arrived. Shannon stated that she needed to use the bathroom. I told her that once we get to the jail, she would be able to use the bathroom. Officers on scene stated that we were going to keep her vehicle running to ensure her dog stays warm. Shannon continued to tell Officer's that her dog served in the military and was a "good boy". Shannon repeatedly would ask me and other officers if her dog was okay. I told Shannon multiple times that our CSO would take care of her dog and would not harm it. I printed off the tow sheet and it was handed to Officer Rodriguez who stated he would hand it off to CSO Mankowski when he arrived.

I unmuted my BWC microphone at this time. I transported Shannon to the Washington County Jail. Shannon made a comment to me that her husband had recently passed away. I told her that I was sorry to hear that. Shannon also stated her dog's name is "Blue". When I arrived, jail staff stated that they were busy and would tell me when I could come in. Shannon stated she had to use the bathroom again. I told her again that once we were inside jail intake, she would be allowed to use the bathroom.

I placed my duty weapon in a lockbox just outside of jail intake. Jail staff told me they would let me know when I could come in and to keep my window open so I could hear them. I then walked back to my squad and attempted to look up a criminal history for Shannon. I asked Shannon if she had any prior DWIs. She stated she had one about 10-11 years ago after her dad had died. I was unable to look up a criminal history on Shannon on the myBCA website. To note, other officers in jail intake stated that they were also unable to look up criminal histories from the myBCA website.

Jail intake then stated we were allowed to enter the jail. I grabbed Shannon's purse and walked her into jail intake at approximately 1858 hours. I started my 15-minute observation at this time. The purpose of this observation period is to ensure that Shannon did not burp/belch/vomit and allow the residual mouth alcohol to dissipate. During this time, Shannon used the bathroom.

Dispatch had asked the units responding if contact with the reporting party of the hit and run was made yet. I stated that if MN State Patrol could contact them, that would be easier. I then gave my work phone number to Dispatch to relay to the MN State Patrol Trooper responding. Shortly after, I received a call from Trooper Vu Nguyen. I had to end my BWC at this time to talk on the phone with Trooper Nguyen. I told him that I would give him a call back shortly. He stated he understood.

During my time of logging in, Shannon asked other Deputies at the jail if her dog was ok. I told Shannon that her dog was being taken care of by one of our CSOs. CSO Mankowski stated that the dog was brought to Companion Animal Control. I wrote this down on a post-it note and stuck it to Shannon's DL that was given to jail staff. I finally logged into e-charging and started filling out the DWI form. Deputy Krook was on scene at the jail and assisted me as I filled out the DWI e-charging form (E-charging ID: 8317992). During this time, Shannon sat next to me near the jail computer. Shannon was relatively cooperative with jail staff at this time. Shannon told me several times that she was a paralegal for 10 years. Shannon continued to slur her words and had the odor of consumed alcoholic beverage from her breath.

INCIDENT REPORT NIBRS
WASHINGTON COUNTY SHERIFFS OFFICE

15015 62nd St N
Stillwater, MN 55082

CASE# WC24067510 cont'd

I ended my 15-minute observation period at 1913 hours and confirmed on my watch. Shannon did not burp/belch/or vomit during this period. I unmuted my BWC and read the DWI e-charging breath advisory test word-for-word. I confirmed the start time as 1918 hours on my watch. When reading that Shannon is allowed to contact an attorney, Shannon interrupted me and stated, "Andrew Laufers". When I asked Shannon if she understood what I just stated she stated, "Yes I do, my attorney is Andrew Laufers". When I asked Shannon if she wanted to consult with an attorney, Shannon stated, "Yes, his name is Andrew Laufers". Shannon spelled Laufer's last name for me. I provided Shannon with the jail intake telephone and multiple other pieces of paper that had information regarding attorney contact information. Shannon asked to use her cellphone to look up the attorney's phone number. Deputy Krook retrieved her cellphone and told Shannon she was only allowed to use her cellphone to look up her attorney's contact information, but she had to use the jail intake telephone to call him. When I placed the additional attorney information papers in front of Shannon, she stated she did not need to need to use them. I looked up Andrew Laufers on the computer and found Laufers Legal Services based out of Lake Elmo. I showed the business number (651) 448-3505 to Shannon on my computer. I told Shannon to look through her phone to contact him as well. Shannon asked me, "contact him for what?" I told Shannon that she just stated she wanted to contact her attorney. I reiterated to Shannon that I am giving her time to contact an attorney. Shannon interrupted me and stated, "So what?". Shannon was becoming uncooperative at this time. I told Shannon she could contact her attorney. Shannon stated again, "For what?". I re-read the breath test advisory again for Shannon. During this time, Shannon argued with me stating that BAC would increase up to two hours after it is taken. Shannon stated that I was not listening, and I keep "flapping my lips". When I asked Shannon if she understood what I just stated (referring to the breath advisory test) she stated, "yes" and when I asked Shannon if she wanted to consult an attorney, Shannon stated, "yes". I told Shannon again I am giving her time to contact an attorney. Shannon stated that she is not asking for my permission, but it is her "constitutional right" to do so. I told Shannon that she is allowed to contact her attorney. Shannon stated, "Okay okay okay... retarded". Shannon was explaining to me that alcohol concentration rises up to two hours.

While she was explaining this to me, Shannon dropped her cellphone. Shannon stated that I was "pissing her off". To note, Shannon would pick up and put down her cell phone several times even after I provided her with a number to Laufer's Legal Services on my computer. Shannon stated she did not need my assistance. I stated again that I am making sure that Shannon was using this time to consult an attorney. Shannon then asked how much time she would get. I stated that it was a "reasonable amount of time". I told Shannon that approximately five minutes has passed since she started looking for contact information for her attorney. Shannon stated that it has been 30 seconds and "that's enough out of you". When I told Shannon again that she has to use the jail intake phone to contact her attorney, Shannon mocked me and said, "Really? Really? No shit". Shannon concealed her phone from my view as well during this time. I told Shannon again that I have Laufer's Legal Services number on my computer if she needs it. Shannon stated, "No, you are pissing me off. You are all up in my shit". Shannon stated I was looking over her shoulder. I told her that I was making sure she was using her time to contact her attorney. Shannon stated, "get the fuck out of here" and "are you, my dad? I'm older than you are. Get the fuck out of here". Shannon asked if my husband has died and if I have been a paralegal for 10 years. I stated no. Shannon continued to curse at me. I reiterated to Shannon to use this time to consult her attorney. Shannon asked, "who the fuck do you think you are?". Shannon put her cellphone down. When I asked Shannon if she wanted to use any of the additional resources to contact an attorney, Shannon stated, "No. You are not qualified for this job". When I asked if she wanted to use her phone to look up any attorney contact information, Shannon stated, "Fuck you. Bitch". When I explained again to Shannon, I am giving her time to contact her attorney, Shannon grabbed her phone and started walking away from me. I asked Shannon what she was doing. I then told Shannon to sit down and use the phone to contact an attorney. Shannon told me to "back the fuck off" and that I am not her dad. When I told Shannon again that I am giving her time to contact an attorney, she continuously stated "no". I asked Shannon twice more if she would like to consult with an attorney, Shannon stated, "do you think I'm fucking stupid? Clearly you do". I asked Shannon again if she would like to consult with an attorney, Shannon stated, "Fuck you". Shannon told me to stop "flapping my lips". Shannon continued to state that I've only been working for five months. I asked Shannon again if she would like to consult with an attorney, Shannon mocked me. I asked Shannon again if she would like to use any other resources to contact an attorney, Shannon said, "will you stop talking?". I asked Shannon what she is using her cellphone for. Shannon asked, "what do you think I am doing?". I re-read the breath advisory test another time. During this time, Shannon continuously interrupted me and told me to shut up and was cursing at me. When I asked Shannon if she wanted to consult with an attorney, Shannon stated, "that's what I am doing... stop talking". Shannon continued to look at her cellphone.

Shannon asked what we are holding her for. I stated for DWI. I mentioned the open container in her vehicle as well. Shannon once again asked what I am holding her for. I stated again for DWI. Shannon argued about probable cause during the stop. I asked Shannon again if she wanted to contact her attorney. Shannon stated she is a "grown ass woman". Shannon again stated her attorney was Andrew Laufer. I once again told her that I pulled up his number on my computer so she could contact him. Shannon stared at me. I told Shannon that approximately 13 minutes has passed since I have given her time to contact her attorney. I read out loud Laufer's Legal Services phone number and told her she had to contact him on the jail telephone. Shannon argued with me stating she does not have to use that phone to call him. I told her that she does, and Deputy Krook explained the same thing to her a few minutes ago. Deputy Krook explained again that Shannon can use her cellphone to find attorney contact information but would have to use the jail telephone to call an attorney. I told Shannon I would put in the phone number for her so she could call them. Shannon said okay. Jail staff assisted me in using the phone to contact the phone number. Jail staff asked if Shannon was done using her cellphone. I stated yes. Jail staff forcefully took Shannon's phone from her. I dialed the phone number, (651) 448-3505, successfully and attempted to hand Shannon the telephone. Shannon used her right hand and hit away the telephone. Shannon was cursing at jail staff during this time. When I confirmed the phone was ringing, I

INCIDENT REPORT NIBRS

CASE# WC24067510 cont'd

attempted to hand Shannon the telephone again, Shannon smacked the phone out of my hand and said, "Get that out of my face". Jail staff asked if this would be a refusal, I stated yes. At this time, jail staff had removed Shannon from intake because of her actions towards Deputies and jail staff. Shannon was uncooperative and was given multiple chances to contact an attorney.

Deputy Krook assisted me with the rest of the DWI e-charging form.

Once again, I attempted to look up Shannon's criminal record but was unable to due to an error message on the myBCA website. As previously mentioned, another officer and MN State Trooper stated they were also unable to look up criminal histories as well. Deputy Krook contacted dispatch to see if they were able to search for Shannon's criminal history. See Deputy Krook's supplement for more information.

To note, in the CAD comments after running Shannon's WI DL, it stated Shannon had two previous OWI charges. I was unable to find the specific dates and location of these offenses.

I ended my BWC at this time. BWC was annotated.

I completed the DWI e-charging forms and filled out a booking sheet (which was accepted by jail staff) with the following charges:

- **(GM) 169A.20.2(1) - Refuse to submit to chemical test; Breath or test refusal or failure**
- **(M) 169A.20.1(1) - Operate Motor Vehicle Under Influence of Alcohol**
- **(M) 169A.27.1 - Fourth-Degree Driving While Impaired**
- **(M) 169A.35.3 - Open bottle law; Possession**
- **(M) 169.09.2 - Driver Involved Fails to Stop for Collision - Driven or Attended Vehicle**

Due to Shannon being taken by jail staff, I was unable to explain the charges to her. See E-charging notes for additional info.

I called MN Troop Ngyuen again. He sent me an email regarding information of the hit and run incident with Theodore. I told him I would call him back if I had any other questions. MSP #P240689084.

At approximately 2129 hours, I called Theodore to get more information. Theodore stated that around 1750 hours, he was driving northbound on Saint Croix Trl N just past the 94 bridge. Theodore stated that when Saint Croix Trl N merges from two lanes into one lane, he observed the black/dark colored vehicle (described as a SUV/minivan) with WI plates ASL8750 speed up from the far-right lane and merge behind Theodore well after the lanes had merged into one. Theodore stated that the vehicle had cut-off a vehicle behind him and was now following Theodore's vehicle extremely close. Theodore stated that he then turned his blinker on "really early" to turn left onto 22nd St N. Theodore stated that when he was slowing down and turning onto 22nd St N, the black/dark colored vehicle drove up on his driver side, side-swiped his vehicle, "taking the driver-side mirror off", and also turned left onto 22nd St N. Theodore stated he pulled over and the black/dark covered vehicle sped off. He stated that the vehicle did not have their taillights on as well. Theodore stated that a witness, Jack Alan Johnson (DOB: 02/24/2001) (715-245-3590), saw the entire accident and pulled over with him. Theodore gathered Jack's contact information before leaving. Theodore confirmed his contact, vehicle, and insurance information. Insurance: Geico 6173-72-57-60. Email: Votheo@Kant.org. RP's vehicle license plate RPF653. Theodore sent me photos of the damage to his vehicle. These

WASHINGTON COUNTY SHERIFFS OFFICE

15015 62nd St N
Stillwater, MN 55082
651-430-7600

CASE# WC24067510 cont'd

photos were uploaded and annotated to Visual Labs. I gave Theodore the case number and told him that I would contact him if I had any other questions. Theodore stated he understood.

I contact Jack. Jack stated he was heading to Stillwater, MN from Hudson, WI. Jack stated that he took a right onto Saint Croix Trl N from 94 W. Jack stated that when the two lanes merged into one lane, a black/dark covered vehicle "blew past" him on the right side well after the lanes merged into one lane, nearly hitting his car. Jack stated he was unsure if the car hit him. Jack stated the vehicle then was following extremely close to Theodore's vehicle for "a while". Jack stated that when Theodore went to turn left onto 22nd St N, he was expecting the black/dark colored vehicle to slow down. Jack stated the vehicle then went on the inside (driver-side) of Theodore's car, side-swiped him, and sped off. Jack noted that the black/dark colored vehicle did not have any taillights on unless they applied the brakes. Jack stated he pulled over with Theodore and asked if the vehicle had struck his car. Theodore said, yes. Jack stated later he saw the police out with a vehicle near the bridge off of HWY 36 that matched the description of the black/dark colored vehicle. I recorded Jack's information and told him I would contact him if I had any other questions.

I contacted Tamara who was an additional caller. Tamara stated that her and her husband, Howard Linaman (DOB: 04/16/1963), were driving northbound on Stagecoach Trl N. Tamara noted that they are not from the area and were following their daughter-in-law, Andrea Faye Linaman (DOB: 06/13/1989). Tamara stated that a vehicle with WI plates ASL8750 was following extremely close to their vehicle. Additionally, Tamara stated that the vehicle passed their vehicle in the opposite lane of traffic. Tamara noted that a vehicle was traveling southbound on Stagecoach Trl N in the opposite lane of traffic and had to slow down excessively so that the vehicle could safely pass Tamara's vehicle. Tamara said that after the vehicle had passed, they were behind Andrea's car and was following extremely close and swerving in and out of their lane multiple times. Tamara said at one point they were approaching a part of Stagecoach Trl N where there was a median and the vehicle almost ran into the median but swerved out of the way. Tamara stated that Andrea was nervous that she was going to get rear-ended and was scared to drive home. Additionally, Tamara said that Andrea's daughter, Ava (9 y/o), was in the car as well and was scared. Tamara said that Andrea was scared to drive home afterwards. I attempted to call Andrea at (651)-354-5927 but did not get an answer. I spoke with Howard (who was on the phone with Tamara) who confirmed everything that Tamara had said. Howard said the vehicle was being extremely reckless. Also, Tamara said that when she was on the phone with 911, a police officer shortly pulled over the vehicle ASL8750 that she called in on. I told Tamara that I would contact her if I had any other questions.

All witness information was recorded in RMS.

BWC active and annotated.

End of report.

Supplemental #2 Krook 12/14/24 Krook WC150 12/14/2024 23:17:00

On December 14, 2024, I Deputy Brian Krook assisted Deputy Roeser during his DWI arrest at the Washington County Jail. I also retrieved the suspect phone from jail staff and advised her, per Jail Rules, she is only allowed to access her phone for numbers and then has to use the landline to make calls. She is not allowed to text or call on her cell phone.

Additional Officer Comments Majeski WC190 12/16/2024 10:50:00

Issued citations for some offenses and cite left with jail staff.
